

Regarding: Low Power FM (MB Docket No. 04-233)

To Whom It May Concern:

I am an avid listener of K-Love radio. I understand that the FCC is proposing to expand the Low Power FM service, which would the new LPFM stations to take priority over current FM translator services.

This could and probably will impact my local K-Love station. This would be devastating to me personally and my family. We listen to K-Love on a daily basis to help fulfill our spiritual needs. We enjoy the family friendly programming provided by K-Love. I enjoy K-Love so much that I am a monthly contributor to this non-profit, non-commercial station.

K-Love provides a great service to the community as a whole. It supports wholesome values and has a positive and encouraging impact on my community. If K-Love is replaced by a LPFM station that does not provide the same wholesome values and family friendly programming, the community will suffer.

It is in the best interest of the public to be able to listen to K-Love. I am a true believer that individuals (even non-Christians) that listen to K-Love have better outlooks on life and it improves their day. K-Love also encourages giving back to the community via pledging to K-Love and other non-profit organizations via their station. These additional donations that places like, Phoenix Rescue Mission receive may be eliminated if K-Love is no longer aired in our community.

Please don't expand the LPFM service and allow my K-Love station to be taken off the air.

Thank you for your consideration.
Traci Cilliers
